bill received a big share of applause
and the motion pictures held the at-

The members of the league will be
a notable one from a social stand-

will be entertaining and instructive
also equal suffrage issues. One of the
particular points of interest will be

devote her time in part to answering
the arguments which Mrs. A. J. George

Monday morning at Hartford, the Bar
Harbor express, between Bar Harbor,
Me., and New York, which runs only
during the summer season, will not go
through Hartford when the summer
schedule goes into effect in June. In-
stead the express will be sent through
from Worcester to New London and
then on the Shore Line division of the
New Haven road to New York.

It was said, was made in con-
formity with the plan of the road to be
economical. In other years the Bar
Harbor express was placed in the
hands of the Boston and Albany rail-

some of the mileage.

Leaving New York, the express will
pull out from the Grand Central station

While the efforts at cleaning up are
underway attention is called by resi-
dents of that vicinity to the unsightly
condition of the property along the
Gardner Lake road back of the Fair-
grounds which is being used as a
dumping ground. The accumulation
of refuse is not only an eyesore but
a breeding place for flies and mosqui-
toes.

Voting Machines Were Demonstrated.
On Saturday when the registrars and
assistant registrars had the voting ma-
chines at the polling places for demon-
stration purposes, quite a number of

that there will be fully 1000 men in

CLEAN-UP ROUTES.
Days for City Carts to Visit Various
Sections of City.

A great many inquiries are being
made of the City Beautiful committee
as to the possibility of having certain
unkept places cleaned. These are
from individuals and refer to the pri-
vate property of other individuals.
Over these, of course, the clean-up
committee has no control or means of
rectifying except that they can call
public spirit. In the section of the city
through which the garbage carts pass-
ed Monday much unsightly waste ma-
terial was gathered. The city authori-
ties are working in harmony with the
movement and if necessary a double
shift of carts will be employed contin-
uously. It only remains now with the
householders whether or not Norwich
will look the cleaner, after the present effort
has been made.

For the timing of the clean-up move-
ment with the collections made by the
city carts, the street commissioner
gives the following information as to
the routes for the carts for the rest of
the week to collect material placed in
boxes, baskets or barrels:
Tuesday—City section.
Wednesday—Palis.
Thursday—West Side, Thamesville.
Friday—City section.
Saturday—Greenville.

HOSPITAL BENEFACTORS.
Wm. W. Backus and Wm. A. Slater
Gave Largely to Backus Hospital.

The chairman of statistics for Bene-
factors' day in Norwich, June 7th
writes concerning the hospitals:
The Norwich Hospital for the In-
sane and the State Tuberculosis san-
atorium, supported by the State of
Connecticut have not received aid from
private benefactors in Norwich. But
an early report of the hospital bear-
ing the name of William W. Backus,
shows that his benefactions amount
to \$111,000 and that it was by the
munificence of William A. Slater,
who gave \$75,000, that the hospital
came into existence.

In the beginning of its history the
Backus hospital with linen, and they
also provided ambulance that did
good services for years. At a later
period a free bed was endowed by
Mrs. Eliza A. Tompkins, and in 1913,
at the suggestion of Mrs. Charles L.
Hubbard, \$2000 was raised by popu-
lar subscriptions ranging from ten
cents to one hundred dollars for the
purchase of an auto-ambulance auto-
mobile for comfort of patients, one of
whom found it so pleasant that she was
sorry that the ride to the hospital
was so short!
